

SUBJECT INDEX

NOTE: Abstract Index follows Author Index

A

Acquired immunodeficiency syndrome

- Aqueous and vitreous humor samples for the diagnosis of cytomegalovirus retinitis, 252
- CD8+ T lymphocytes and cytomegalovirus retinitis in patients with the acquired immunodeficiency syndrome, 283
- Corneal lipidosis in patients with the acquired immunodeficiency syndrome (correspondence), 545
- Limbal and choroidal *Cryptococcus* infection in the acquired immunodeficiency syndrome, 539
- A sensitive and specific polymerase chain reaction-based assay for the diagnosis of cytomegalovirus retinitis, 219
- Vortex keratopathy associated with atovaquone, 669

Acute retinal necrosis syndrome

- Delayed fellow eye involvement in acute retinal necrosis syndrome, 115

Adenocarcinoma

- Metastatic adenocarcinoma to the retina in a patient with Muir-Torre syndrome, 248

Adenoma

- A pigmented adenoma of the ciliary epithelium examined by magnetic resonance imaging, 679

Aging

- Alcohol use and age-related maculopathy in the Beaver Dam Eye Study, 190
- Distribution of growth factors in subfoveal neovascular membranes in age-related macular degeneration and presumed ocular histoplasmosis syndrome, 291
- Reappraisal of biomicroscopic classification of stages of development of a macular hole (correspondence), 808
- A twin study of age-related macular degeneration, 757

Allograft

- Use of DNA polymorphisms and the polymerase chain reaction to examine the survival of a human limbal stem cell allograft, 342

Anesthesia

- Cardiopulmonary arrest after retrobulbar anesthesia in a patient with an orbital roof defect, 535

Angiography

- Confocal scanning infrared laser ophthalmoscopy for indocyanine green angiography, 642
- Selective use of indocyanine green angiography for occult choroidal neovascularization, 75

Angle-closure glaucoma

- Incidence of acute angle-closure glaucoma after pharmacologic mydriasis, 709

Aniridia

- Ocular surface abnormalities in aniridia, 368

Anterior chamber

- Anterior chamber contamination after uncomplicated phacoemulsification and intraocular lens implantation, 143
- Choroidal effusion as a mechanism for transient myopia induced by hydrochlorothiazide and triamterene, 395

Aphakia

- Cataract surgery and intraocular lens implantation in children, 1

Apraclonidine

- Short-term efficacy of apraclonidine hydrochloride added to maximum-tolerated medical therapy for glaucoma, 423

Aqueous humor

- Aqueous and vitreous humor samples for the diagnosis of cytomegalovirus retinitis, 252
- Aqueous humor dynamics in patients with diabetes mellitus, 362

Arcanobacterium sp.

- Orbital cellulitis, subperiosteal abscess, sinusitis, and septicemia caused by *Arcanobacterium haemolyticum*, 261

Artery

- Branch retinal artery occlusion associated with directional coronary atherectomy after percutaneous transluminal coronary angioplasty, 391
- Branch retinal artery occlusion caused by a mitral valve papillary fibroelastoma, 119:325; correction (correspondence), 126
- Retinal arterial occlusions in young adults, 776
- Retrobulbar arterial hemodynamic effects of betaxolol and timolol in normal-tension glaucoma, 168

Aspergillus sp.

- Aspergillus* endophthalmitis after sutureless cataract surgery, 534
- Aspergillus* keratitis after radial keratotomy, 254

Atovaquone

- Vortex keratopathy associated with atovaquone, 669

B

Beta-blocker

- Lichen planus associated with topical beta-blocker therapy, 530
- Optic nerve vasomotor effects of topical beta-adrenergic antagonists in rabbits, 441
- Retrobulbar arterial hemodynamic effects of betaxolol and timolol in normal-tension glaucoma, 168

Blepharoptosis

- Multinucleate cell angiohistiocytoma of the orbit, 402

Books, Software, and Electronic Media

- Age Related Macular Degeneration: Vision for the Future (CD-ROM), by Ai, E., Blumenkranz, M. S., and Irvine, A. R. (eds.), 554
- Asian Blepharoplasty. A Surgical Atlas, by Chen, W. P.-D., 407
- Atlas de Chirurgia Palpebral, by Pitanguy, I., and Sbrisseau, 272
- Atlas of Ophthalmic Surgery, Volume III, Strabismus and Glaucoma, by Buckley, E. G., and Shields, M. B., 130

- Atlas of Tumor Pathology. Tumors of the Eye and Ocular Adnexa, by McLean, I. W., Burnier, M., Zimmerman, L. E., and Jakobiec, F. A., 408
- Biochemistry of the Eye, by Whitehart, D. R., 130
- Cataracts: Revised Edition. From Diagnosis to Recovery—The Complete Guide for Patients and Families, by Schulman, J., 814
- Clinical Ophthalmology. A Systematic Approach, 3rd edition, by Kanski, J. J. (ed.), 271
- Clinical Retinopathies, by Dodson, P. M., Gibson, J. M., and Kritzing, E. E., 409
- Color Atlas of Anatomy. A Photographic Study of the Human Body, 3rd edition, by Rohen, J. W., and Yokochi, C., 813
- Color Atlas of Ocular Manifestations of AIDS. Diagnosis and Management, by Orellana, J., Lieberman, R. M., and Teich, S. A., 128
- Color Atlas of Scleritis, by Watson, P., and Ortiz, J. M., 410
- Colour Art & Science, by Lamb, T., and Borriau, J. (eds.), 555
- Contact Lenses. The CLAO Guide to Basic Science and Clinical Practice, Volumes I, II, III, and IV (index), by Kastl, P. R. (ed.), 811
- Conversation Repair. Case Studies in Doctor-Patient Communication, by Platt, F. W., 814
- Corneal Laser Surgery, by Salz, J. J. (ed.), 127
- Corneal Topography. The State of the Art, by Gills, J. P., Sanders, D. R., Thornton, S. P., Martin, R. G., Gayton, J. L., and Holladay, J. T., 410
- Current Ocular Therapy 4, by Fraunfelder, F. T., and Roy, F. H. (eds.), 812
- Dictionary of Ophthalmic Optics, by Keeney, A. H., Hagman, R. E., and Fratello, C. J., 409
- Duane's Ophthalmology on CD-ROM, 1995 Edition. Version 1.0 for the Windows and Macintosh Environments, by Tasman, W., and Jaeger, E. A., 810
- External Disease & Cornea. A Multimedia Collection, by American Academy of Ophthalmology, 409
- Eye, Brain, and Vision, by Hubel, D. H., 686
- Higher-Order Processing in the Visual System, by Ciba Foundation, 555
- Immunology of Corneal Transplantation, by Zierhut, M., Pleyer, U., and Theil, H.-J. (eds.), 813
- Infectious Diseases of the Eye, by Bialasiewicz, A. A., and Schaal, K. P. (eds.), 271
- Lasers in Ophthalmic Surgery, by Karlin, D. B. (ed.), 406
- Legal Medicine, 3rd edition, by Sanbar, S., Gibofsky, A., Firestone, M. H., and LeBlang, T. R. (eds.), 685
- Molecular Genetics of Inherited Eye Disorders, by Wright, A. F., and Jay, B. (eds.), 268
- Neuro-Ophthalmological Disorders. Diagnostic Work-up and Management, by Tusa, R. J., and Newman, S. A. (eds.), 128
- Oculoplastic Surgery, 3rd edition, by McCord, C. D., Jr., Tanenbaum, M., and Nunery, W. R. (eds.), 406
- Ophthalmic Surgery Complications. Prevention and Management, by Charlton, J. F., and Weinstein, G. W. A. (eds.), 268
- Pathobiology of Ocular Disease. A Dynamic Approach, 2nd edition, Part A and Part B, by Garner, A., and Klintworth, G. K. (eds.), 270
- Pediatric Neuro-Ophthalmology, by Tomsak, R. L. (ed.), 554
- Physics for Ophthalmologists, by Coster, D. J. (ed.), 129
- Posterior Uveitis. Diagnosis and Management, by Tabbara, K. F., and Nussenblatt, R. B., 269
- A Retina Video Series: Laser and Cryopexy Techniques, by Conway, M. D., and Olk, R. J., 685
- Rowe and Williams' Maxillofacial Injuries, 2nd edition, Vol. I and Vol. II, by Williams, J. L. (ed.), 130
- Sarcoidosis and Other Granulomatous Disorders, by James, D. G. (ed.), 687
- Surgery of the Eyelid, Orbit, and Lacrimal System, Volume 2, by Stewart, W. B. (ed.), 410
- Tales of a Shaman's Apprentice. An Ethnobotanist Searches for New Medicines in the Amazon Rain Forest, by Plotkin, M. J., 812
- Ultrasound Biomicroscopy of the Eye, by Pavlin, C. J., and Foster, F. S., 408
- Uveitis, Volume I. Differential Diagnosis, by Zierhut, M., 814
- Vandals at the Gates of Medicine. Historic Perspectives on the Battle Over Health Care Reform, by Faria, M. A., Jr., 271
- Visual Field Testing with the Humphrey Field Analyzer, by Choplin, N. T., and Edwards, R. P., 131
- Visual Stress, by Wilkins, A., 686
- Walsh and Hoyt's Clinical Neuro-Ophthalmology, 4th edition. Volume 5, Parts One and Two, by Miller, N. R. (ed.), 553
- Your Vision. All About Modern Eye Care, by Cross, W. D., Jr., and Lynn, L., 814
- Boucher-Neuhäuser syndrome**
Ophthalmologic findings in a patient with cerebellar ataxia, hypogonadotropic hypogonadism, and chorioretinal dystrophy, 241
- Brief Reports**
Intellectual rigor and correspondence regarding Brief Reports (correspondence), 544
- Brown's syndrome**
Superior oblique luxation and trochlear luxation as new concepts in superior oblique muscle weakening surgery, 83
- C**
- Cat scratch disease**
Serous retinal detachment of the macula associated with cat scratch disease, 796
- Cataract**
Acquired posterior lentiglobus, 123
Anterior chamber contamination after uncomplicated phacoemulsification and intraocular lens implantation, 143
Aspergillus endophthalmitis after sutureless cataract surgery, 534
Calculation of intraocular lens power after radial keratotomy with computerized videokeratography, 739

- Cataract in infants treated with argon laser photocoagulation for threshold retinopathy of prematurity (correspondence), 264
- Cataract surgery and intraocular lens implantation in children, 1
- Ocular and systemic manifestations of cerebrotendinous xanthomatosis, 597
- Central retinal artery**
Central retinal artery occlusion in a child with T-cell lymphoma, 118
- Central retinal vein**
Central retinal vein thrombosis associated with resistance to activated protein C, 388
- Cerebrotendinous xanthomatosis**
Ocular and systemic manifestations of cerebrotendinous xanthomatosis, 597
- Children**
Cataract surgery and intraocular lens implantation in children, 1
- Central retinal artery occlusion in a child with T-cell lymphoma, 118
- Change in the cycle of circadian strabismus, 124
- Improved surgical treatment of familial exudative vitreoretinopathy in children, 471
- Long-term follow-up of visual acuity in eyes with stage 5 retinopathy of prematurity after closed vitrectomy, 308
- Ocular pathologic findings of chronic granulomatous disease of childhood, 120
- Vogt-Koyanagi-Harada syndrome in a 4-year-old child, 675
- Chorioretinopathy**
Optical coherence tomography of central serous chorioretinopathy, 65
- Choroid**
Angiographic features and outcome of questionable recurrent choroidal neovascularization, 497
- Choroidal effusion as a mechanism for transient myopia induced by hydrochlorothiazide and triamterene, 395
- Confocal scanning infrared laser ophthalmoscopy for indocyanine green angiography, 642
- Indocyanine green angiography in Stargardt's flavimaculatus, 208
- Limbal and choroidal *Cryptococcus* infection in the acquired immunodeficiency syndrome, 539
- Ocular pathologic findings of chronic granulomatous disease of childhood, 120
- Ophthalmologic findings in a patient with cerebellar ataxia, hypogonadotropic hypogonadism, and chorioretinal dystrophy, 241
- Selective use of indocyanine green angiography for occult choroidal neovascularization, 75
- Single-dose compared with fractionated-dose radiation of the OM431 choroidal melanoma cell line, 506
- Ciliary epithelium**
A pigmented adenoma of the ciliary epithelium examined by magnetic resonance imaging, 679
- Ciliochoroidal detachment**
Posterior scleritis with annular ciliochoroidal detachment, 677

Coloboma

Coloboma of the optic disk associated with retinal vascular abnormalities, 798

Corneal abnormalities in a mother and daughter with focal dermal hypoplasia (Goltz-Gorlin syndrome), 256

Color Doppler imaging

Color Doppler imaging and spectral analysis of the optic nerve vasculature in glaucoma (correspondence), 806

Cone

Comparison of ganglion cell loss and cone loss in experimental glaucoma, 184

Conjunctiva

Induction of ligneous conjunctivitis by conjunctival surgery, 253

Ocular surface abnormalities in aniridia, 368

A randomized trial comparing mitomycin C and conjunctival autograft after excision of primary pterygium, 151

Conjunctivitis

Induction of ligneous conjunctivitis by conjunctival surgery, 253

Convergence

Convergence insufficiency secondary to subdural hematoma, 258

Cornea

Air bag-related corneal rupture after radial keratotomy, 800

Assessment of radial aspheres by the arc-step algorithm as implemented by the Keratron keratoscope, 658

Atypical Peters' anomaly associated with partial trisomy 5p, 541

Calculation of intraocular lens power after radial keratotomy with computerized videokeratography, 739

Climatic proteoglycan stromal keratopathy, a new corneal degeneration, 330

Corneal abnormalities in a mother and daughter with focal dermal hypoplasia (Goltz-Gorlin syndrome), 256

Corneal light scattering after laser in situ keratomileusis and photorefractive keratectomy, 532

Corneal lipidosis in patients with the acquired immunodeficiency syndrome (correspondence), 545

Disappearance of crystals in Schnyder's crystalline corneal dystrophy after epithelial erosion, 802

Erbium:YAG laser photoablation of human cornea, 668

Ocular surface abnormalities in aniridia, 368

Posterior amorphous corneal dysgenesis, 448

Relationship of familial prominent corneal nerves and lesions of the tongue resembling neuromas to multiple endocrine neoplasia type 2B, 456

Rupture of radial and arcuate keratotomy scars by blunt trauma 91 months after incisional keratotomy, 108

Use of DNA polymorphisms and the polymerase chain reaction to examine the survival of a human limbal stem cell allograft, 342

Vortex keratopathy associated with atovaquone, 669

Corrections

Branch retinal artery occlusion caused by a mitral valve papillary fibroelastoma, 119:325; correction (correspondence), 126

Initial clinical experience with the Ahmed glaucoma valve implant, 23; correction, (correspondence), 684

Corticosteroid

The effects of posterior subtenon injection of triamcinolone acetate in patients with intermediate uveitis, 55

Cryotherapy

Macular epiretinal membrane formation and treated retinal breaks, 480

Cryptococcus sp.

Limbal and choroidal *Cryptococcus* infection in the acquired immunodeficiency syndrome, 539

Cyclophotocoagulation

Noncontact transscleral Nd:YAG cyclophotocoagulation for glaucoma after penetrating keratoplasty, 569

Cyst

Echographic evaluation of primary cysts of the iris pigment epithelium, 161

Cystoid macular edema

Pars plana vitrectomy for chronic pseudophakic cystoid macular edema, 302

Cytomegalovirus retinitis

Aqueous and vitreous humor samples for the diagnosis of cytomegalovirus retinitis, 252

CD8+ T lymphocytes and cytomegalovirus retinitis in patients with the acquired immunodeficiency syndrome, 283

A sensitive and specific polymerase chain reaction-based assay for the diagnosis of cytomegalovirus retinitis, 219

Cytomegalovirus retinopathy

Local therapy for cytomegalovirus retinopathy, 376

D

Diabetes mellitus

Aqueous humor dynamics in patients with diabetes mellitus, 362

Cardiovascular autonomic neuropathy and proliferative diabetic retinopathy, 317

Diabetic iris neovascularization, 393

Macular pattern dystrophy associated with a mutation of mitochondrial DNA, 247

Rapidly progressive optic disk neovascularization after diabetic papillopathy, 673

Diabetic papillopathy

Rapidly progressive optic disk neovascularization after diabetic papillopathy, 673

DNA

Aqueous and vitreous humor samples for the diagnosis of cytomegalovirus retinitis, 252

Macular pattern dystrophy associated with a mutation of mitochondrial DNA, 247

A sensitive and specific polymerase chain reaction-based assay for the diagnosis of cytomegalovirus retinitis, 219

Use of DNA polymorphisms and the polymerase chain reaction to examine the survival of a human limbal stem cell allograft, 342

Dysgenesis

Posterior amorphous corneal dysgenesis, 448

Dystrophy

Disappearance of crystals in Schnyder's crystalline corneal dystrophy after epithelial erosion, 802

Indocyanine green angiography in Stargardt's flavimaculatus, 208

Macular pattern dystrophy associated with a mutation of mitochondrial DNA, 247

Ophthalmologic findings in a patient with cerebellar ataxia, hypogonadotropic hypogonadism, and chorioretinal dystrophy, 241

Posterior amorphous corneal dysgenesis, 448

Retinal photoreceptor dystrophies: LI. Edward Jackson Memorial Lecture (correspondence), 683

E

Echography

Echographic evaluation of primary cysts of the iris pigment epithelium, 161

Edema

Pars plana vitrectomy for chronic pseudophakic cystoid macular edema, 302

Editorials

Authors Interactive: AJO on the Internet (STRAATSMAN, B. R.), 523

Books and bytes (MANNIS, M. J.), 103

The challenge of screening for glaucoma (SHIELDS, M. B.), 793

Eye care in a managed care environment (FRAUNFELDER, F. T.), 525

International authors, editors, and readers (STRAATSMAN, B. R.), 245

Intraocular lens implantation in children (ROSENBAUM, A. L., and MASKET, S.), 105

Retinal nerve fiber layer (SOMMER, A.), 665

Endophthalmitis

Aspergillus endophthalmitis after sutureless cataract surgery, 534

The effect of povidone-iodine solution applied at the conclusion of ophthalmic surgery (correspondence), 806

Enophthalmos

Bone wax template for the correction of enophthalmos with porous polyethylene implants, 536

Epithelium

Disappearance of crystals in Schnyder's crystalline corneal dystrophy after epithelial erosion, 802

Use of DNA polymorphisms and the polymerase chain reaction to examine the survival of a human limbal stem cell allograft, 342

Eyedrops

Attempted suicide with pilocarpine eyedrops, 399

Eyelid

Induction of ligneous conjunctivitis by conjunctival surgery, 253

Multinucleate cell angiohistiocytoma of the orbit, 402

Streptococcal gangrene of the eyelids and orbit, 784

Treatment of facial palsies with external eyelid weights, 652

F

Fibrinolysis

- Intraoperative fibrinolysis of submacular hemorrhage with tissue plasminogen activator and surgical drainage (correspondence), 550

Fluorescein

- Fluorescein labeling of tissue plasminogen activator for subretinal thrombolysis, 797

Fluorescein angiography

- Angiographic features and outcome of questionable recurrent choroidal neovascularization, 497
- Indocyanine green angiography in Stargardt's flavimaculatus, 208
- Laser energy and dye fluorescence transmission through blood in vitro (correspondence), 404

Fluorescence

- Laser energy and dye fluorescence transmission through blood in vitro (correspondence), 404

Forceps

- Surgical technique for repositioning a dislocated intraocular lens, repair of iridodialysis, and secondary intraocular lens implantation using innovative 25-gauge forceps (correspondence), 126

Foscarnet

- Local therapy for cytomegalovirus retinopathy, 376
- A sensitive and specific polymerase chain reaction-based assay for the diagnosis of cytomegalovirus retinitis, 219

Fovea

- Clinical correlation of ultrasonographic findings in macular holes (correspondence), 548
- Spontaneous resolution of foveal detachments and macular breaks, 767

G

Ganciclovir

- Local therapy for cytomegalovirus retinopathy, 376
- A sensitive and specific polymerase chain reaction-based assay for the diagnosis of cytomegalovirus retinitis, 219

Ganglion cell

- Comparison of ganglion cell loss and cone loss in experimental glaucoma, 184

Gaze

- Prevalence of palpebral fissure asymmetry in white persons, 518

Genetics

- Atypical Peters' anomaly associated with partial trisomy 5p, 541
- Central retinal vein thrombosis associated with resistance to activated protein C, 388
- Macular pattern dystrophy associated with a mutation of mitochondrial DNA, 247
- Ocular abnormalities in neurofibromatosis 2, 634
- Ophthalmologic findings in a patient with cerebellar ataxia, hypogonadotropic hypogonadism, and chorioretinal dystrophy, 241
- Relationship of familial prominent corneal nerves and lesions of the tongue resembling neuromas to multiple endocrine neoplasia type 2B, 456
- A twin study of age-related macular degeneration, 757

Glaucoma

- Association between quantitative nerve fiber layer measurement and visual field loss in glaucoma, 732
- Color Doppler imaging and spectral analysis of the optic nerve vasculature in glaucoma (correspondence), 806
- Comparison of clinician judgment with digitized image analysis in the detection of induced optic disk change in monkey eyes, 176
- Comparison of ganglion cell loss and cone loss in experimental glaucoma, 184
- Decreased basal tear turnover in patients with untreated primary open-angle glaucoma, 41
- Diabetic iris neovascularization, 393
- Early clinical experience with the Baerveldt implant in complicated glaucomas, 32
- Exercise and reversed pupillary block in pigmentary glaucoma, 110
- The Glaucoma Laser Trial (GLT) and Glaucoma Laser Trial follow-up study: 7. Results, 718
- The Glaucoma Laser Trial (GLT): 6. Treatment group differences in visual field changes, 10

Indocyanine green

- Confocal scanning infrared laser ophthalmoscopy for indocyanine green angiography, 642
- Indocyanine green angiography in Stargardt's flavimaculatus, 208
- Selective use of indocyanine green angiography for occult choroidal neovascularization, 75

Infants

- Acquired posterior lentiglobus, 123

Inflammation

- The effects of posterior subtenon injection of triamcinolone acetonide in patients with intermediate uveitis, 55
- Neuro-ophthalmic manifestations of meningocerebral inflammation from the limited form of Wegener's granulomatosis, 613

Injuries

- Eye injuries from merchandise display hooks, 397

Injury

- High-pressure directed water jets as a cause of severe bilateral intraocular injuries, 542

Intraocular lens

- Anterior chamber contamination after uncomplicated phacoemulsification and intraocular lens implantation, 143
- Calculation of intraocular lens power after radial keratotomy with computerized videokeratography, 739
- Cataract surgery and intraocular lens implantation in children, 1
- Reduced vision secondary to pigmented cellular membranes on silicone intraocular lenses, 462
- Surgical technique for repositioning a dislocated intraocular lens, repair of iridodialysis, and secondary intraocular lens implantation using innovative 25-gauge forceps (correspondence), 126

Intraocular pressure

- Comparison of clinician judgment with digitized image analysis in the detection of induced optic disk change in monkey eyes, 176
- Early clinical experience with the Baerveldt implant in complicated glaucomas, 32
- The effects of posterior subtenon injection of triamcinolone acetonide in patients with intermediate uveitis, 55
- The Glaucoma Laser Trial (GLT) and Glaucoma Laser Trial follow-up study: 7. Results, 718
- Initial clinical experience with the Ahmed glaucoma valve implant, 23
- Initial clinical experience with the Ahmed glaucoma valve implant, 23; correction (correspondence), 684
- Retrolubar arterial hemodynamic effects of betaxolol and timolol in normal-tension glaucoma, 168
- Short-term efficacy of apraclonidine hydrochloride added to maximum-tolerated medical therapy for glaucoma, 423

Iridodialysis

- Surgical technique for repositioning a dislocated intraocular lens, repair of iridodialysis, and secondary intraocular lens implantation using innovative 25-gauge forceps (correspondence), 126

Iris

- Diabetic iris neovascularization, 393
- Echographic evaluation of primary cysts of the iris pigment epithelium, 161
- Exercise and reversed pupillary block in pigmentary glaucoma, 110

J

Jackson, Edward

- Retinal photoreceptor dystrophies: LI. Edward Jackson Memorial Lecture (correspondence), 683

K

Kawasaki's syndrome

- Kawasaki's syndrome in a man with the human immunodeficiency virus, 117

Keratotomy

- Clinical analysis of excimer laser photorefractive keratectomy using a multiple zone technique for severe myopia (correspondence), 546
- Corneal light scattering after laser in situ keratomileusis and photorefractive keratectomy, 532
- Extensive lamellar keratectomy for treatment of nontuberculous mycobacterial keratitis, 47

Keratitis

- Aspergillus* keratitis after radial keratotomy, 254
- Extensive lamellar keratectomy for treatment of nontuberculous mycobacterial keratitis, 47

Keratoconjunctivitis

- Lodoxamide tromethamine treatment for superior limbic keratoconjunctivitis, 400

Keratomileusis

- Corneal light scattering after laser in situ keratomileusis and photorefractive keratectomy, 532

Keratopathy

- Climatic proteoglycan stromal keratopathy, a new corneal degeneration, 330
- Vortex keratopathy associated with atovaquone, 669

Keratoplasty

- Aspergillus* keratitis after radial keratotomy, 254
- Noncontact transscleral Nd:YAG cyclophotocoagulation for glaucoma after penetrating keratoplasty, 569

Keratotomy

- Rupture of radial and arcuate keratotomy scars by blunt trauma 91 months after incisional keratotomy, 108

L

Laser

- Cataract in infants treated with argon laser photocoagulation for threshold retinopathy of prematurity (correspondence), 264
- Clinical analysis of excimer laser photorefractive keratectomy using a multiple zone technique for severe myopia (correspondence), 546
- Confocal scanning infrared laser ophthalmoscopy for indocyanine green angiography, 642
- Corneal light scattering after laser in situ keratomileusis and photorefractive keratectomy, 532
- Erbium:YAG laser photoablation of human cornea, 668
- Exercise and reversed pupillary block in pigmentary glaucoma, 110
- The Glaucoma Laser Trial (GLT) and Glaucoma Laser Trial follow-up study: 7. Results, 718
- The Glaucoma Laser Trial (GLT): 6. Treatment group differences in visual field changes, 10
- Laser energy and dye fluorescence transmission through blood in vitro (correspondence), 404
- Noncontact transscleral Nd:YAG cyclophotocoagulation for glaucoma after penetrating keratoplasty, 569

Lentiglobus

- Acquired posterior lentiglobus, 123

Lichen planus

- Lichen planus associated with topical beta-blocker therapy, 530

Light perception

- Reversible loss of light perception after vitreoretinal surgery, 751

Lipidosis

- Corneal lipidosis in patients with the acquired immunodeficiency syndrome (correspondence), 545

Lodoxamide

- Lodoxamide tromethamine treatment for superior limbic keratoconjunctivitis, 400

Lyme borreliosis

- Diagnosis and clinical characteristics of ocular Lyme borreliosis (correspondence), 263

Lymphocyte

- CD8+ T lymphocytes and cytomegalovirus retinitis in patients with the acquired immunodeficiency syndrome, 283

Lymphoma

- Central retinal artery occlusion in a child with T-cell lymphoma, 118
- Interleukin-10 in the vitreous of patients with primary intraocular lymphoma, 671

M

Macula

- Clinical correlation of ultrasonographic findings in macular holes (correspondence), 548
- Clinicopathologic correlation of surgically removed macular hole opercula, 197
- Improved surgical treatment of familial exudative vitreoretinopathy in children, 471
- Macular epiretinal membrane formation and treated retinal breaks, 480
- Macular pattern dystrophy associated with a mutation of mitochondrial DNA, 247
- Pars plana vitrectomy for chronic pseudophakic cystoid macular edema, 302
- Premacular hemorrhage as a sign of subacute bacterial endocarditis, 250
- Reappraisal of biomicroscopic classification of stages of development of a macular hole (correspondence), 808
- Role of the completion phenomenon in the evaluation of Amsler grid results, 322
- Serous retinal detachment of the macula associated with cat scratch disease, 796
- Spontaneous resolution of foveal detachments and macular breaks, 767
- Tractional elevation of Henle's fiber layer in idiopathic macular holes, 486
- A twin study of age-related macular degeneration, 757
- Visual acuity as a prognostic indicator in stage I macular holes, 112

Macular degeneration

Distribution of growth factors in subfoveal neovascular membranes in age-related macular degeneration and presumed ocular histoplasmosis syndrome, 291

A twin study of age-related macular degeneration, 757

Macular hole

Tractional elevation of Henle's fiber layer in idiopathic macular holes, 486

Maculopathy

Acute retinal pigment epitheliitis, 389

Alcohol use and age-related maculopathy in the Beaver Dam Eye Study, 190

Magnetic resonance imaging

A pigmented adenoma of the ciliary epithelium examined by magnetic resonance imaging, 679

Melanoma

Single-dose compared with fractionated-dose radiation of the OM431 choroidal melanoma cell line, 506

Microscopy

Clinicopathologic correlation of surgically removed macular hole opercula, 197

Mitomycin C

A randomized trial comparing mitomycin C and conjunctival autograft after excision of primary pterygium, 151

Muir-Torre syndrome

Metastatic adenocarcinoma to the retina in a patient with Muir-Torre syndrome, 248

Multiple endocrine neoplasia type 2B syndrome

Relationship of familial prominent corneal nerves and lesions of the tongue resembling neuromas to multiple endocrine neoplasia type 2B, 456

Muscle

Superior oblique luxation and trochlear luxation as new concepts in superior oblique muscle weakening surgery, 83

Mycobacterium sp.

Extensive lamellar keratectomy for treatment of nontuberculous mycobacterial keratitis, 47

Mydriasis

Incidence of acute angle-closure glaucoma after pharmacologic mydriasis, 709

Myopia

Choroidal effusion as a mechanism for transient myopia induced by hydrochlorothiazide and triamterene, 395

Clinical analysis of excimer laser photorefractive keratectomy using a multiple zone technique for severe myopia (correspondence), 546

N

Neisseria sp.

Anterior chamber contamination after uncomplicated phacoemulsification and intraocular lens implantation, 143

Neovascularization

Angiographic features and outcome of questionable recurrent choroidal neovascularization, 497

Diabetic iris neovascularization, 393

Laser energy and dye fluorescence transmission through blood in vitro (correspondence), 404

Rapidly progressive optic disk neovascularization after diabetic papillopathy, 673

Selective use of indocyanine green angiography for occult choroidal neovascularization, 75

Nerve

Relationship of familial prominent corneal nerves and lesions of the tongue resembling neuromas to multiple endocrine neoplasia type 2B, 456

Nerve fiber

Association between quantitative nerve fiber layer measurement and visual field loss in glaucoma, 732

Neurofibromatosis 2

Ocular abnormalities in neurofibromatosis 2, 634

Neuropathy

Cardiovascular autonomic neuropathy and proliferative diabetic retinopathy, 317

O

Obituaries

Calhoun, F. Phinizy, Jr. 1910-1995 (AABERG, T. M., SR.), 567

Occlusion

Branch retinal artery occlusion associated with directional coronary atherectomy after percutaneous transluminal coronary angioplasty, 391

Retinal arterial occlusions in young adults, 776

Operculum

Clinicopathologic correlation of surgically removed macular hole opercula, 197

Ophthalmoscopy

Confocal scanning infrared laser ophthalmoscopy for indocyanine green angiography, 642

Incidence of acute angle-closure glaucoma after pharmacologic mydriasis, 709

Optic disk

Clinical assessment, optic disk measurements, and visual-evoked potential in optic nerve hypoplasia, 605

Coloboma of the optic disk associated with retinal vascular abnormalities, 798

Comparison of clinician judgment with digitized image analysis in the detection of induced optic disk change in monkey eyes, 176

Rapidly progressive optic disk neovascularization after diabetic papillopathy, 673

Optic nerve

Clinical assessment, optic disk measurements, and visual-evoked potential in optic nerve hypoplasia, 605

Color Doppler imaging and spectral analysis of the optic nerve vasculature in glaucoma (correspondence), 806

Grading of retinal nerve fiber layer with a photographic reference set, 577

Microvasculature of the human optic nerve, 92

Optic nerve vasomotor effects of topical beta-adrenergic antagonists in rabbits, 441

Regional test-retest variability of confocal scanning laser tomography, 433

Visual field loss after pars plana vitrectomy with air/fluid exchange, 386

Orbit

- Bone formation in hydroxyapatite orbital implants, 681
- Cardiopulmonary arrest after retrobulbar anesthesia in a patient with an orbital roof defect, 535
- Inadequately irradiated solitary extramedullary plasmacytoma of the orbit requiring exenteration, 803
- Multinucleate cell angiohistiocytoma of the orbit, 402
- Orbital cellulitis, subperiosteal abscess, sinusitis, and septicemia caused by *Arcanobacterium haemolyticum*, 261
- Simplified method of sizing implants for orbital fracture repair, 260
- Streptococcal gangrene of the eyelids and orbit, 784

P

Palpebral fissure asymmetry

- Prevalence of palpebral fissure asymmetry in white persons, 518

Palsy

- Treatment of facial palsies with external eyelid weights, 652

Papilledema

- Convergence insufficiency secondary to subdural hematoma, 258

Perimetry

- Random dot motion perimetry in patients with glaucoma and in normal subjects, 587

Perspectives

- Local therapy for cytomegalovirus retinopathy, 376

Peters' anomaly

- Atypical Peters' anomaly associated with partial trisomy 5p, 541

Phacoemulsification

- Anterior chamber contamination after uncomplicated phacoemulsification and intraocular lens implantation, 143

Photoablation

- Erbium:YAG laser photoablation of human cornea, 668

Photocoagulation

- Cataract in infants treated with argon laser photocoagulation for threshold retinopathy of prematurity (correspondence), 264
- Macular epiretinal membrane formation and treated retinal breaks, 480

Photoreceptor dystrophy

- Retinal photoreceptor dystrophies: LI. Edward Jackson Memorial Lecture (correspondence), 683

Pigment epithelial detachment

- Selective use of indocyanine green angiography for occult choroidal neovascularization, 75

Pigment epithelium

- Echographic evaluation of primary cysts of the iris pigment epithelium, 161

Pilocarpine

- Attempted suicide with pilocarpine eyedrops, 399

Polymerase chain reaction

- Aqueous and vitreous humor samples for the diagnosis of cytomegalovirus retinitis, 252
- A sensitive and specific polymerase chain reaction-based assay for the diagnosis of cytomegalovirus retinitis, 219

- Use of DNA polymorphisms and the polymerase chain reaction to examine the survival of a human limbal stem cell allograft, 342

Povidone-iodine

- The effect of povidone-iodine solution applied at the conclusion of ophthalmic surgery (correspondence), 806

Presumed ocular histoplasmosis syndrome

- Distribution of growth factors in subfoveal neovascular membranes in age-related macular degeneration and presumed ocular histoplasmosis syndrome, 291

Proliferative diabetic retinopathy

- Cardiovascular autonomic neuropathy and proliferative diabetic retinopathy, 317

Pseudophakia

- Pars plana vitrectomy for chronic pseudophakic cystoid macular edema, 302

Pterygium

- Convergence insufficiency secondary to subdural hematoma, 258

- A randomized trial comparing mitomycin C and conjunctival autograft after excision of primary pterygium, 151

Pupil

- Convergence insufficiency secondary to subdural hematoma, 258

- Incidence of acute angle-closure glaucoma after pharmacologic mydriasis, 709

- Variability of the relative afferent pupillary defect, 622

Pupillary block

- Exercise and reversed pupillary block in pigmentary glaucoma, 110

R

Radial keratotomy

- Air bag-related corneal rupture after radial keratotomy, 800
- Aspergillus* keratitis after radial keratotomy, 254
- Calculation of intraocular lens power after radial keratotomy with computerized videokeratography, 739

Radiation therapy

- Inadequately irradiated solitary extramedullary plasmacytoma of the orbit requiring exenteration, 803
- Single-dose compared with fractionated-dose radiation of the OM431 choroidal melanoma cell line, 506

Retina

- Acute retinal pigment epitheliitis, 389
- Aqueous and vitreous humor samples for the diagnosis of cytomegalovirus retinitis, 252
- Association between quantitative nerve fiber layer measurement and visual field loss in glaucoma, 732
- Branch retinal artery occlusion associated with directional coronary atherectomy after percutaneous transluminal coronary angioplasty, 391
- Branch retinal artery occlusion caused by a mitral valve papillary fibroelastoma, 119:325; correction (correspondence), 126
- Central retinal vein thrombosis associated with resistance to activated protein C, 388

- Coloboma of the optic disk associated with retinal vascular abnormalities, 798
- Confocal scanning infrared laser ophthalmoscopy for indocyanine green angiography, 642
- Delayed fellow eye involvement in acute retinal necrosis syndrome, 115
- Fluorescein labeling of tissue plasminogen activator for subretinal thrombolysis, 797
- Grading of retinal nerve fiber layer with a photographic reference set, 577
- Improved surgical treatment of familial exudative vitreoretinopathy in children, 471
- Indocyanine green angiography in Stargardt's flavimaculatus, 208
- Intraoperative fibrinolysis of submacular hemorrhage with tissue plasminogen activator and surgical drainage (correspondence), 550
- Macular epiretinal membrane formation and treated retinal breaks, 480
- Metastatic adenocarcinoma to the retina in a patient with Muir-Torre syndrome, 248
- Ophthalmologic findings in a patient with cerebellar ataxia, hypogonadotropic hypogonadism, and chorioretinal dystrophy, 241
- Optical coherence tomography of central serous chorioretinopathy, 65
- Retinal arterial occlusions in young adults, 776
- Retinal photoreceptor dystrophies: LI. Edward Jackson Memorial Lecture (correspondence), 683
- A sensitive and specific polymerase chain reaction-based assay for the diagnosis of cytomegalovirus retinitis, 219
- Vitreous hemorrhage and retinal vein rupture, 114
- Retinal detachment**
- Improved surgical treatment of familial exudative vitreoretinopathy in children, 471
- Optical coherence tomography of central serous chorioretinopathy, 65
- Serous retinal detachment of the macula associated with cat scratch disease, 796
- Retinal pigment epitheliitis**
- Acute retinal pigment epitheliitis, 389
- Retinopathy**
- Aqueous humor dynamics in patients with diabetes mellitus, 362
- Retinopathy of prematurity**
- Cataract in infants treated with argon laser photocoagulation for threshold retinopathy of prematurity (correspondence), 264
- Long-term follow-up of visual acuity in eyes with stage 5 retinopathy of prematurity after closed vitrectomy, 208
- Rheumatic fever**
- Scleritis, uveitis, and glaucoma in a patient with rheumatic fever, 538

S

- Sarcoidosis**
- Posterior scleritis with annular ciliochoroidal detachment, 677

Schnyder's dystrophy

- Disappearance of crystals in Schnyder's crystalline corneal dystrophy after epithelial erosion, 802

Sclera

- Ocular pathologic findings of chronic granulomatous disease of childhood, 120
- Posterior scleritis with annular ciliochoroidal detachment, 677
- A scleral tunnel incision for trabeculectomy, 528
- Scleritis, uveitis, and glaucoma in a patient with rheumatic fever, 538

Scleritis

- Posterior scleritis with annular ciliochoroidal detachment, 677
- Scleritis, uveitis, and glaucoma in a patient with rheumatic fever, 538

Scotoma

- Role of the completion phenomenon in the evaluation of Amsler grid results, 322

Staphylococcus sp.

- Anterior chamber contamination after uncomplicated phacoemulsification and intraocular lens implantation, 143

Stargardt's flavimaculatus

- Indocyanine green angiography in Stargardt's flavimaculatus, 208

Strabismus

- Change in the cycle of circadian strabismus, 124
- Strabismus in Williams syndrome (correspondence), 266

Streptococcus sp.

- Premacular hemorrhage as a sign of subacute bacterial endocarditis, 250
- Scleritis, uveitis, and glaucoma in a patient with rheumatic fever, 538
- Streptococcal gangrene of the eyelids and orbit, 784

T

Tears

- Decreased basal tear turnover in patients with untreated primary open-angle glaucoma, 41

Thrombosis

- Central retinal vein thrombosis associated with resistance to activated protein C, 388

Timolol

- Optic nerve vasomotor effects of topical beta-adrenergic antagonists in rabbits, 441
- Retrobulbar arterial hemodynamic effects of betaxolol and timolol in normal-tension glaucoma, 168

Tissue plasminogen activator

- Fluorescein labeling of tissue plasminogen activator for subretinal thrombolysis, 797
- Intraoperative fibrinolysis of submacular hemorrhage with tissue plasminogen activator and surgical drainage (correspondence), 550

Tomography

- Optical coherence tomography of central serous chorioretinopathy, 65
- Regional test-retest variability of confocal scanning laser tomography, 433

Toxicity

- Attempted suicide with pilocarpine eyedrops, 399
- Choroidal effusion as a mechanism for transient myopia induced by hydrochlorothiazide and triamterene, 395

Trabeculectomy

- A scleral tunnel incision for trabeculectomy, 528

Trabeculoplasty

- The Glaucoma Laser Trial (GLT) and Glaucoma Laser Trial follow-up study: 7. Results, 718
- The Glaucoma Laser Trial (GLT): 6. Treatment group differences in visual field changes, 10

Trauma

- Air bag-related corneal rupture after radial keratotomy, 800
- Convergence insufficiency secondary to subdural hematoma, 258

Triamcinolone acetonide

- The effects of posterior subtenon injection of triamcinolone acetonide in patients with intermediate uveitis, 55

Tumor

ABSTRACT INDEX

A

Acetylcholine

The γ -subunit of the acetylcholine receptor is not expressed in the levator palpebrae superioris, 136

Acquired immunodeficiency syndrome

New therapies for cytomegalovirus retinitis, 819

Oral ganciclovir as maintenance treatment for cytomegalovirus retinitis in patients with AIDS, 819

Race, sex, drug use, and progression of human immunodeficiency virus disease, 820

Adenovirus

Polymerase chain reaction for rapid detection of ocular adenovirus infection, 558

Adnexa

Late effects of radiation on the eye and ocular adnexa, 417

Aging

Age-related macular degeneration is associated with atherosclerosis. The Rotterdam Study, 817

Genetic and molecular studies of macular dystrophies: recent developments, 690

The prevalence of blindness and visual impairment among nursing home residents in Baltimore, 273

Amaurosis fugax

The risk of stroke in patients with first-ever retinal vs hemispheric transient ischemic attacks and high-grade carotid stenosis, 138

Amblyopia

Levodopa/carbidopa treatment for amblyopia in older children, 415

Upper age limit for the development of amblyopia, 414

Anesthesia

The effects of hyaluronidase on local anesthesia: a prospective, randomized, controlled, double-blind study, 413

Full-thickness skin grafts. Clinical observations on the impact of using epinephrine in local anesthesia of the donor site, 563

Pain and vomiting after vitreoretinal surgery: a potential role for local anaesthesia, 817

Penetrating ocular injury following local anaesthesia, 133

Postoperative ischemic optic neuropathy, 560

Potential dangers of oxygen supplementation during facial surgery, 563

Angiogenesis

Angiogenesis mediated by soluble forms of EA-selectin and vascular cell adhesion molecule-1, 691

B

Basal cell

Cryotherapy for eyelid and periocular basal cell carcinomas: outcome in 166 cases over an 8-year period, 136

Betaxolol

Periocular cutaneous pigmentary changes associated with topical betaxolol, 816

Blepharoplasty

Arcus marginalis release and orbital fat preservation in midface rejuvenation, 821

Blepharospasm

Comparison of therapeutic efficacies of type A and F botulinum toxins for blepharospasm: a double-blind, controlled study, 136

Blindness

A community-based evaluation of eyesight and spectacle use after intracapsular cataract extraction in northern India, 274

Global data on blindness, 274

The prevalence of blindness and visual impairment among nursing home residents in Baltimore, 273

Preventing blindness in Americans: the need for eye health education, 695

Botulinum toxin

Comparison of therapeutic efficacies of type A and F botulinum toxins for blepharospasm: a double-blind, controlled study, 136

Burn

Treatment of severe eye burns by tenonplasty, 275

C

Cancer

Success of delayed full-thickness skin grafts after Mohs micrographic surgery, 563

Candida sp.

Use of fluconazole in the treatment of candidal endophthalmitis, 134

Carbidopa

Levodopa/carbidopa treatment for amblyopia in older children, 415

Carcinoma

Conjunctival squamous-cell carcinoma associated with HIV infection in Kampala, Uganda, 132

Cryotherapy for eyelid and periocular basal cell carcinomas: outcome in 166 cases over an 8-year period, 136

Cataract

An ancient record of 'couching' for cataract, 139

A community-based evaluation of eyesight and spectacle use after intracapsular cataract extraction in northern India, 274

Is the first day postoperative review necessary after cataract extraction?, 688

Penetrating ocular injury following local anaesthesia, 133

Preventing blindness in Americans: the need for eye health education, 695

Charles Bonnet syndrome

The Charles Bonnet syndrome: a large prospective study in The Netherlands. A study of the prevalence of the Charles Bonnet syndrome and associated factors in 500 patients attending the University Department of Ophthalmology at Nijmegen, 139

Children

Acute onset concomitant esotropia: when is it a sign of serious neurological disease?, 414

Follow-up of optic pathway gliomas in children with neurofibromatosis type 1, 137

Hemifacial spasm in childhood and adolescence, 279

Levodopa/carbidopa treatment for amblyopia in older children, 415

Optic pathway and hypothalamic/chiasmatic gliomas in children younger than age 5 years with a 6-year follow-up, 137

Outcome of sixth nerve palsy or paresis in young children, 414

Upper age limit for the development of amblyopia, 414

Use of irradiation for therapy of retinoblastoma in children more than 1 year old: the St. Jude Children's Research Hospital experience and review of literature, 417

Choroid

Photodynamic therapy of pigmented choroidal melanomas, 135

Conjunctiva

Clinical characteristics of primary acquired melanosis, 557

Conjunctival squamous-cell carcinoma associated with HIV infection in Kampala, Uganda, 132

A novel conjunctival incision for horizontal strabismus surgery, 557

Conjunctivitis

Conjunctivitis in a long-term care facility, 274

Polymerase chain reaction for rapid detection of ocular adenovirus infection, 558

Contact lens

Risk factors for acanthamoeba keratitis in contact lens users: a case-control study, 689

Contrast sensitivity

Visual acuity vs letter contrast sensitivity in retinitis pigmentosa, 277

Cornea

Corneal grafting of donor tissue preserved for longer than 4 weeks in organ-culture medium, 815

The effect of trabeculectomy on refraction, keratometry and corneal topography, 558

Herpes simplex virus DNA in normal corneas: persistence without viral shedding from ganglia, 412

Recurrence and rejection rates following corneal transplantation for herpes simplex keratitis, 132

Resistance to herpes stromal keratitis conferred by an IgG2a-derived peptide, 688

Risk factors for acanthamoeba keratitis in contact lens users: a case-control study, 689

Cryotherapy

Cryotherapy for eyelid and periocular basal cell carcinomas: outcome in 166 cases over an 8-year period, 136

Cystoid macular edema

Quantification of cystoid changes in diabetic maculopathy, 134

Cytomegalovirus retinitis

Cytomegalovirus retinitis and low CD4+ T-lymphocyte counts, 820

New therapies for cytomegalovirus retinitis, 819

Oral ganciclovir as maintenance treatment for cytomegalovirus retinitis in patients with AIDS, 819

D

Diabetes mellitus

The effects of phenylephrine 2.5% versus phenylephrine 10% on pupillary dilation in patients with diabetes, 276

Older-onset diabetes and lens opacities. The Beaver Dam Eye Study, 412

An optical practice based diabetic eye screening programme, 561

A report on the use of technician ophthalmoscopy combined with the use of the Canon nonmydriatic camera in screening for diabetic retinopathy in the community, 561

Screening for diabetic retinopathy, 561

Vascular lesions in diabetes are distributed non-uniformly within the retina, 416

Diabetic maculopathy

Quantification of cystoid changes in diabetic maculopathy, 134

Diabetic retinopathy

An optical practice based diabetic eye screening programme, 561

A report on the use of technician ophthalmoscopy combined with the use of the Canon nonmydriatic camera in screening for diabetic retinopathy in the community, 561

Screening for diabetic retinopathy, 561

Vascular lesions in diabetes are distributed non-uniformly within the retina, 416

The Wisconsin Epidemiologic Study of Diabetic Retinopathy. XVI. The relationship of C-peptide to the incidence and progression of diabetic retinopathy, 817

DNA

Clinical features of Japanese Leber's hereditary optic neuropathy with 11778 mutation of mitochondrial DNA, 278

DNA ploidy and S-phase fraction as prognostic factors in patients with uveal melanomas, 135

DNA ploidy status in 84 ocular melanomas: a study of DNA quantitation in ocular melanomas by flow cytometry and automatic and interactive static image analysis, 135

Donor

Join the club: a modest proposal to increase availability of donor organs, 815

Dysplasia

Optic nerve decompression in cranial base fibrous dysplasia, 279

Dystrophy

Genetic and molecular studies of macular dystrophies: recent developments, 690

E

Encephalitis

Cerebral ocular Whipple's disease: a 62-year odyssey from death to diagnosis, 138

Endophthalmitis

Use of fluconazole in the treatment of candidal endophthalmitis, 134

Endothelium

Corneal grafting of donor tissue preserved for longer than 4 weeks in organ-culture medium, 815

Epinephrine

Full-thickness skin grafts. Clinical observations on the impact of using epinephrine in local anesthesia of the donor site, 563

Esotropia

Acute onset concomitant esotropia: when is it a sign of serious neurological disease?, 414

Eye orientation

The non-visual impact of eye orientation on eye-hand coordination, 416

Eyelid

Arcus marginalis release and orbital fat preservation in midface rejuvenation, 821

A comparison of temporal muscle transfer and lid loading in the treatment of paralytic lagophthalmos, 279

Cryotherapy for eyelid and periocular basal cell carcinomas: outcome in 166 cases over an 8-year period, 136

Motor persistence of orbicularis oculi muscle in eyelid-opening disorders, 278

MR imaging of the eyelids: normal and pathologic findings, 820

Periocular cutaneous pigmentary changes associated with topical betaxolol, 816

F

Fluconazole

Use of fluconazole in the treatment of candidal endophthalmitis, 134

G

Ganciclovir

New therapies for cytomegalovirus retinitis, 819

Oral ganciclovir as maintenance treatment for cytomegalovirus retinitis in patients with AIDS, 819

Genetics

The clinical features of Leber's hereditary optic neuropathy defined by the presence of a pathogenic mitochondrial DNA mutation, 692

Genetic and molecular studies of macular dystrophies: recent developments, 690

Induction of ectopic eyes by targeted expression of the *eyeless* gene in *Drosophila*, 133

Mitochondrial DNA and disease, 818

Pedigree analysis in Leber hereditary optic neuropathy families with a pathogenic mtDNA mutation, 692

Glaucoma

Alterations of ocular nitric oxide synthase in human glaucoma, 689

The effect of trabeculectomy on refraction, keratometry and corneal topography, 558

Functional characteristics of blue-on-yellow perimetric thresholds in glaucoma, 559

Glaucomatous visual fields. FASTPAC versus full threshold strategy of the Humphrey Field Analyzer, 560

Motion perception deficits in glaucomatous optic neuropathy, 560

Periocular cutaneous pigmentary changes associated with topical betaxolol, 816

Preventing blindness in Americans: the need for eye health education, 695

Repeatability of the Glaucoma Hemifield Test in automated perimetry, 559

The statistical interpretation of blue-on-yellow visual field loss, 558

Surgery for normal tension glaucoma, 413

Trabecular meshwork in pseudoexfoliation syndrome with and without open-angle glaucoma. A morphometric, ultrastructural study, 690

Glioma

Follow-up of optic pathway gliomas in children with neurofibromatosis type 1, 137

Optic pathway and hypothalamic/chiasmatic gliomas in children younger than age 5 years with a 6-year follow-up, 137

Globe

Penetrating ocular injury following local anaesthesia, 133

Glycine

Eye symptoms, visual evoked potentials and EEG during intravenous infusion of glycine, 277

Graft

Corneal grafting of donor tissue preserved for longer than 4 weeks in organ-culture medium, 815

Full-thickness skin grafts. Clinical observations on the impact of using epinephrine in local anesthesia of the donor site, 563

Success of delayed full-thickness skin grafts after Mohs micrographic surgery, 563

H

Hallucination

The Charles Bonnet syndrome: a large prospective study in The Netherlands. A study of the prevalence of the Charles Bonnet syndrome and associated factors in 500 patients attending the University Department of Ophthalmology at Nijmegen, 139

Health care

A cross-national comparison of generalist physician workforce data. Evidence for US supply adequacy, 822

Graduate medical education and physician practice location. Implications for physician workforce policy, 822

Managed care and the morality of the marketplace, 564

Office visits to ophthalmologists and other physicians for eye care among the U.S. population, 1990, 273

Performance reports on quality—prototypes, problems, and prospects, 564

Will there be a job for you? The physician work force under health care reform, 280

Hemifacial spasm

Hemifacial spasm in childhood and adolescence, 279

Herpes simplex

- Herpes simplex virus DNA in normal corneas: persistence without viral shedding from ganglia, 412
- Recurrence and rejection rates following corneal transplantation for herpes simplex keratitis, 132
- Resistance to herpes stromal keratitis conferred by an IgG2a-derived peptide, 688

Human immunodeficiency virus

- Conjunctival squamous-cell carcinoma associated with HIV infection in Kampala, Uganda, 132
- Cytomegalovirus retinitis and low CD4+ T-lymphocyte counts, 820
- Race, sex, drug use, and progression of human immunodeficiency virus disease, 820
- Screening surgeons for HIV infection. A cost-effectiveness analysis, 418

Hyaluronidase

- The effects of hyaluronidase on local anesthesia: a prospective, randomized, controlled, double-blind study, 413

Hypertension

- Repeatability of the Glaucoma Hemifield Test in automated perimetry, 559
- The statistical interpretation of blue-on-yellow visual field loss, 558

I

Implant

- Three-phase bone scintigraphy of hydroxyapatite ocular implants, 417
- The use of Silastic as an orbital implant for reconstruction of orbital wall defects: review of 311 cases treated over 20 years, 280

Infants

- Better visualization of retinoblastoma metastases with Tc-99m sestamibi versus Tl-201, 562
- Retinopathy of prematurity in infants weighing 1000-1499 g at birth, 562
- Screening for retinopathy of prematurity—a problem solved?, 562

Injuries

- Another weapon too far: the anti-personnel laser, 418
- Penetrating ocular injury following local anaesthesia, 133

Intraocular lens

- Comparison of intraocular lenses from the standpoint of postoperative glare disability, 412

Iris

- Treatment of non-resectable malignant iris tumours with custom designed plaque radiotherapy, 134

Ischemia

- Postoperative ischemic optic neuropathy, 560
- The risk of stroke in patients with first-ever retinal vs hemispheric transient ischemic attacks and high-grade carotid stenosis, 138

K

Keratotomy

- Cognitive styles and personality characteristics strongly influence the decision to have photorefractive keratotomy, 815

- Excimer retreatment for scarring and regression after photorefractive keratotomy for myopia, 689

- Phototherapeutic keratectomy for bullous keratopathy, 132

Keratitis

- Recurrence and rejection rates following corneal transplantation for herpes simplex keratitis, 132
- Resistance to herpes stromal keratitis conferred by an IgG2a-derived peptide, 688
- Risk factors for acanthamoeba keratitis in contact lens users: a case-control study, 689

Keratopathy

- Phototherapeutic keratectomy for bullous keratopathy, 132

L

Lagophthalmos

- A comparison of temporal muscle transfer and lid loading in the treatment of paralytic lagophthalmos, 279

Laser

- Excimer retreatment for scarring and regression after photorefractive keratotomy for myopia, 689
- Phototherapeutic keratectomy for bullous keratopathy, 132

Leber's hereditary optic neuropathy

- Clinical features of Japanese Leber's hereditary optic neuropathy with 11778 mutation of mitochondrial DNA, 278
- The clinical features of Leber's hereditary optic neuropathy defined by the presence of a pathogenic mitochondrial DNA mutation, 692
- Mitochondrial DNA and disease, 818
- Pedigree analysis in Leber hereditary optic neuropathy families with a pathogenic mtDNA mutation, 692

Lens

- Comparison of bifocal and progressive addition lenses on aviator target detection performance, 275
- Older-onset diabetes and lens opacities. The Beaver Dam Eye Study, 412

Levodopa

- Levodopa/carbidopa treatment for amblyopia in older children, 415

Linear optical trajectory

- How baseball outfielders determine where to run to catch fly balls, 277

Lymphocyte

- Cytomegalovirus retinitis and low CD4+ T-lymphocyte counts, 820

M

Macula

- Age-related macular degeneration is associated with atherosclerosis. The Rotterdam Study, 817
- Genetic and molecular studies of macular dystrophies: recent developments, 690
- Macular degeneration and early menopause: a case-control study, 691
- Prediction of postoperative visual acuity in retinal detachment with macular involvement, 276
- Quantification of cystoid changes in diabetic maculopathy, 134

Macular degeneration

Age-related macular degeneration is associated with atherosclerosis. The Rotterdam Study, 817

Genetic and molecular studies of macular dystrophies: recent developments, 690

Macular degeneration and early menopause: a case-control study, 691

Magnetic resonance imaging

Borders of multiple visual areas in humans revealed by functional magnetic resonance imaging, 277

Magnetic resonance imaging of the functional anatomy of the superior oblique muscle, 133

MR imaging of the eyelids: normal and pathologic findings, 820

MR of oculomotor nerve palsy, 821

Malpractice

Physician understanding of the National Practitioner Data Bank, 140

Medical education

Comparing selection criteria of residency directors and physicians' employers, 418

Correcting the oversupply of specialists by limiting residencies for graduates of foreign medical schools, 695

Graduate medical education and physician practice location. Implications for physician workforce policy, 822

Medical history

Medicine and the Holocaust: learning more of the lessons, 419

Melanoma

Accuracy of presumed uveal melanoma diagnosis before alternative therapy, 691

Clinical characteristics of primary acquired melanosis, 557

DNA ploidy and S-phase fraction as prognostic factors in patients with uveal melanomas, 135

DNA ploidy status in 84 ocular melanomas: a study of DNA quantitation in ocular melanomas by flow cytometry and automatic and interactive static image analysis, 135

Photodynamic therapy of pigmented choroidal melanomas, 135

Migraine

Migraine and subsequent risk of stroke in the Physicians' Health Study, 138

Persistent positive visual phenomena in migraine, 139

Military weapon

Another weapon too far: the anti-personnel laser, 418

Mitochondrial DNA

Mitochondrial DNA and disease, 818

Mohs micrographic surgery

Success of delayed full-thickness skin grafts after Mohs micrographic surgery, 563

Muscle

Arcus marginalis release and orbital fat preservation in midface rejuvenation, 821

A comparison of temporal muscle transfer and lid loading in the treatment of paralytic lagophthalmos, 279

Evidence for fibromuscular pulleys of the recti extraocular muscles, 276

Extraocular muscle proprioception and eye position, 415

The γ -subunit of the acetylcholine receptor is not expressed in the levator palpebrae superioris, 136

Identification of an extensive system of nitric oxide-producing cells in the ciliary muscle and outflow pathway of the human eye, 689

Magnetic resonance imaging of the functional anatomy of the superior oblique muscle, 133

Motor persistence of orbicularis oculi muscle in eyelid-opening disorders, 278

A novel conjunctival incision for horizontal strabismus surgery, 557

Transient trochlear nerve palsy following anterior temporal lobectomy for epilepsy, 693

Myopia

Excimer retreatment for scarring and regression after photorefractive keratectomy for myopia, 689

N

Nerve

MR of oculomotor nerve palsy, 821

Transient trochlear nerve palsy following anterior temporal lobectomy for epilepsy, 693

Neurofibromatosis

Follow-up of optic pathway gliomas in children with neurofibromatosis type 1, 137

Nystagmus

Investigations of the pathogenesis of acquired pendular nystagmus, 693

O

Octreotide

Somatostatin receptor scintigraphy and octreotide treatment in patients with thyroid eye disease, 694

Ophthalmopathy

Somatostatin receptor scintigraphy and octreotide treatment in patients with thyroid eye disease, 694

Ophthalmoscopy

A report on the use of technician ophthalmoscopy combined with the use of the Canon nonmydriatic camera in screening for diabetic retinopathy in the community, 561

Screening for retinopathy of prematurity—a problem solved?, 562

Optic nerve

Optic nerve decompression in cranial base fibrous dysplasia, 279

The 1994 Von Sallman Lecture. The optic nerve head circulation in health and disease, 818

Optic neuropathy

Motion perception deficits in glaucomatous optic neuropathy, 560

Pedigree analysis in Leber hereditary optic neuropathy families with a pathogenic mtDNA mutation, 692

Postoperative ischemic optic neuropathy, 560

Optic pathway

Optic pathway and hypothalamic/chiasmatic gliomas in children younger than age 5 years with a 6-year follow-up, 137

Orbit

Three-phase bone scintigraphy of hydroxyapatite ocular implants, 417

The use of Silastic as an orbital implant for reconstruction of orbital wall defects: review of 311 cases treated over 20 years, 280

P

Palsy

Magnetic resonance imaging of the functional anatomy of the superior oblique muscle, 133

MR of oculomotor nerve palsy, 821

Outcome of sixth nerve palsy or paresis in young children, 414

Transient trochlear nerve palsy following anterior temporal lobectomy for epilepsy, 693

Perimetry

Functional characteristics of blue-on-yellow perimetric thresholds in glaucoma, 559

Repeatability of the Glaucoma Hemifield Test in automated perimetry, 559

Phenylephrine

The effects of phenylephrine 2.5% versus phenylephrine 10% on pupillary dilation in patients with diabetes, 276

Photorefractive keratectomy

Cognitive styles and personality characteristics strongly influence the decision to have photorefractive keratectomy, 815

Phototherapy

The phototherapy light visor: more to it than meets the eye, 821

Polymerase chain reaction

Polymerase chain reaction for rapid detection of ocular adenovirus infection, 558

Pseudoexfoliation syndrome

Trabecular meshwork in pseudoexfoliation syndrome with and without open-angle glaucoma. A morphometric, ultrastructural study, 690

Pupil

The effects of phenylephrine 2.5% versus phenylephrine 10% on pupillary dilation in patients with diabetes, 276

R

Radiation therapy

Late effects of radiation on the eye and ocular adnexa, 417

Optic pathway and hypothalamic/chiasmatic gliomas in children younger than age 5 years with a 6-year follow-up, 137

Treatment of non-resectable malignant iris tumours with custom designed plaque radiotherapy, 134

Use of irradiation for therapy of retinoblastoma in children more than 1 year old: the St. Jude Children's Research Hospital experience and review of literature, 417

Retina

The risk of stroke in patients with first-ever retinal vs hemispheric transient ischemic attacks and high-grade carotid stenosis, 138

Vascular lesions in diabetes are distributed non-uniformly within the retina, 416

Retinal detachment

Prediction of postoperative visual acuity in retinal detachment with macular involvement, 276

Retinitis pigmentosa

Visual acuity vs letter contrast sensitivity in retinitis pigmentosa, 277

Retinoblastoma

Better visualization of retinoblastoma metastases with Tc-99m sestamibi versus Tl-201, 562

Use of irradiation for therapy of retinoblastoma in children more than 1 year old: the St. Jude Children's Research Hospital experience and review of literature, 417

Retinopathy of prematurity

Retinopathy of prematurity in infants weighing 1000-1499 g at birth, 562

Screening for retinopathy of prematurity—a problem solved?, 562

S

Scleral buckle

Prediction of postoperative visual acuity in retinal detachment with macular involvement, 276

Sociodemography

Race, sex, drug use, and progression of human immunodeficiency virus disease, 820

Strabismus

A novel conjunctival incision for horizontal strabismus surgery, 557

Stroke

Migraine and subsequent risk of stroke in the Physicians' Health Study, 138

The risk of stroke in patients with first-ever retinal vs hemispheric transient ischemic attacks and high-grade carotid stenosis, 138

T

Technology

An improved future?, 696

Tenonplasty

Treatment of severe eye burns by tenonplasty, 275

Trabecular meshwork

Trabecular meshwork in pseudoexfoliation syndrome with and without open-angle glaucoma. A morphometric, ultrastructural study, 690

Trabeculectomy

The effect of trabeculectomy on refraction, keratometry and corneal topography, 558

Surgery for normal tension glaucoma, 413

Visual recovery after trabeculectomy, 816

Trauma

Ocular trauma: evaluation with US, 416

Tumor

Accuracy of presumed uveal melanoma diagnosis before alternative therapy, 691

Better visualization of retinoblastoma metastases with Tc-99m sestamibi versus Tl-201, 562

Conjunctival squamous-cell carcinoma associated with HIV infection in Kampala, Uganda, 132

Cryotherapy for eyelid and periocular basal cell carcinomas: outcome in 166 cases over an 8-year period, 136

DNA ploidy and S-phase fraction as prognostic factors in patients with uveal melanomas, 135

DNA ploidy status in 84 ocular melanomas: a study of DNA quantitation in ocular melanomas by flow cytometry and automatic and interactive static image analysis, 135

Follow-up of optic pathway gliomas in children with neurofibromatosis type 1, 137

Optic pathway and hypothalamic/chiasmatic gliomas in children younger than age 5 years with a 6-year follow-up, 137

Photodynamic therapy of pigmented choroidal melanomas, 135

Treatment of non-resectable malignant iris tumours with custom designed plaque radiotherapy, 134

U

Ultrasonography

Ocular trauma: evaluation with US, 416

Uvea

Accuracy of presumed uveal melanoma diagnosis before alternative therapy, 691

DNA ploidy and S-phase fraction as prognostic factors in patients with uveal melanomas, 135

V

Virus

Recurrence and rejection rates following corneal transplantation for herpes simplex keratitis, 132

Vision

The effect of trabeculectomy on refraction, keratometry and corneal topography, 558

Parietal contributions to visual feature binding: evidence from a patient with bilateral lesions, 694

Two stages of visual processing for radial and circular motion, 694

Visual acuity

Prediction of postoperative visual acuity in retinal detachment with macular involvement, 276

Visual acuity vs letter contrast sensitivity in retinitis pigmentosa, 277

Visual recovery after trabeculectomy, 816

Visual field

Functional characteristics of blue-on-yellow perimetric thresholds in glaucoma, 559

Glaucomatous visual fields. FASTPAC versus full threshold strategy of the Humphrey Field Analyzer, 560

Repeatability of the Glaucoma Hemifield Test in automated perimetry, 559

The statistical interpretation of blue-on-yellow visual field loss, 558

Visual-evoked potential

Eye symptoms, visual evoked potentials and EEG during intravenous infusion of glycine, 277

W

Whipple's disease

Cerebral ocular Whipple's disease: a 62-year odyssey from death to diagnosis, 138
